MEMORANDUM FOR THE RECORD

Morning Meeting of 19 June 1973 (Special)

The Director asked what actions he might take within the next few days in order to relieve Colby of certain chores. In response to his question, Proctor explained that the Director need sign no paper in order to proceed with the publication of various DDI products on an unclassified basis. Huizenga initiated a brief discussion of the issue of publishing portions of Estimates in State's Foreign Relations series. [redacted] briefed 25X1 on the genesis of the related Executive Order and noted that Dr. Kissinger is the final authority but would refer any appeal to the DCI for review and recommendation. The Director asked Colby to discuss this topic with State (Under Secretary for Political Affairs William Porter). He observed that Senator Stennis has no problem with our publication on a declassified basis and went on to ask Maury to review our thinking on this matter with Chairmen Nedzi, McClellan, and Mahon. With respect to the publication of Estimates on an unclassified basis, Colby expressed the preference to evoke no general policy statement on this matter but to deal with requests on a case-by-case basis.
